BETTER PLANET

We will put the climate, biodiversity and resource crises at the heart of the way we do business

Creating a better planet for future generations

ENSURING SUSTAINABILITY IN AND AROUND EVERY BUILDING, WE COMMIT TO:

- **Close-working relationships** with our customers to help them understand where there is opportunity for further sustainability features
- **Increasing biodiversity** around each of our projects, and protecting the environment
- **Reducing waste** across our projects and support circular economy
- Ensuring our **Supply Chain Partners** adopt sustainability compliant practises
- **Delivering** on identified opportunities that are agreed to make the building more environmentally

Supporting your requirements

As a **leader in sustainability**, it is our responsibility to work with our customers to **provide solutions** to help eliminate their issues. Whether that be **environmental degradation**, unnecessary **over-consumption** of resources, **pollution** to the atmosphere, or wanting to deliver a **positive environmental legacy**. This supports delivery to ensure we are **maximising resource efficiency** and **enhancing the natural environment**.
